Hello Mr. Blumenfeld,

I wanted to thank you for Region 9's letter to the USACE Sacramento District regarding the 404(q) process.

I have some questions about the letter and some of the steps going forward primarily regarding what sorts of mitigation EPA is proposing.

If you have time the week after Thanksgiving for a quick phone call or if you could direct me to a member of your staff who would be available that would be greatly appreciated.

Thank you!
